The Anti-Atlas Mountains are believed to have originally been formed as part of Alleghenian orogeny. These mountains were formed when Africa and America collided, and were once a chain rivaling today's Himalayas.

Atlas Mountains - Wikipedia

Nature, in the broadest sense, is the natural, physical, or material world or universe. "Nature" can refer to the phenomena of the physical world, and also to life in general.

With 189 member countries, staff from more than 170 countries, and offices in over 130 locations, the World Bank Group is a unique global partnership: five institutions working for sustainable solutions that reduce poverty and build shared prosperity in developing countries.

World Bank Group - International Development, Poverty

In the following two charts we explore global fatalities from natural catastrophes since 1900. In the first chart we report the total annual number of deaths from natural catastrophes, as the decadal average from 1900. In the second chart, we report the same data but as the annual rate of global deaths (measured per 100,000 of the world ...
