

world regional geography without pdf

The history of geography includes many histories of geography which have differed over time and between different cultural and political groups. In more recent developments, geography has become a distinct academic discipline.

History of geography - Wikipedia

Geography (from Greek: *gēographia*, literally "earth description") is a field of science devoted to the study of the lands, features, inhabitants, and phenomena of the Earth and planets. The first person to use the word *gēographia* was Eratosthenes (276–194 BC). Geography is an all-encompassing discipline that seeks ...
